**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Wyoming Tobacco Asset Securitization Corporation:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Wyoming Tobacco Asset Securitization Corporation ("WTASC") as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise WTASC's basic financial statements, and have issued our report thereon dated March 23, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered WTASC's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of WTASC's internal control. Accordingly, we do not express an opinion on the effectiveness of the WTASC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether WTASC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH SECTION 2925(3)(f) OF THE
NEW YORK STATE PUBLIC AUTHORITIES LAW**

To the Board of Directors
Wyoming Tobacco Asset Securitization Corporation:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Wyoming Tobacco Asset Securitization Corporation ("WTASC"), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise WTASC's basic financial statements, and have issued our report thereon dated March 23, 2017.

In connection with our audit, nothing came to our attention that caused us to believe that WTASC failed to comply with Section 2925(3)(f) of the New York State Public Authorities Law regarding investment guidelines during the year ended December 31, 2016. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding WTASC's noncompliance with the above rules and regulations.

The purpose of this report is solely to describe the scope and results of our testing. This communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads 'Drescher & Malecki LLP'.
